### Description

The light weight Sawyer Squeeze Water Filter only weights 3. oz and filters using the same 32oz pouch as the larger models. good for 100,000 gallons it is as easy as fill, squeeze and drink. Easy to carry and perfect for backpacking, emergency go bags and traveling abroad.

- Simply fill up the included water pouch at a lake or stream, screw the hollow-fiber filter onto the pouch and squeeze the pouch to push the water through the filter
- Includes a 32 fl. oz. pouch; collapsible pouches are made from durable Mylar foil and can be reused hundreds of times
- Filter has a built-in push/pull cap so you can spray water straight into your mouth or use it to fill a water bottle; squeeze filter fills most water bottles in only 30 sec.
- Hollow-fiber membrane filter removes 99.99999% of all bacteria, such as salmonella, cholera and E.coli; removes 99.9999% of all protozoa, such as giardia and cryptosporidium
- Use the included syringe to backflush the filter to maintain a high-flow rate
- Filter will also fit the threads on most bottles of water that you buy at a grocery store
- Sawyer Squeeze water filter comes with cleaning and maintenance instructions
- Avoid freezing this filter; freezing may ruin the hollow-fiber membrane

Made in USA.
